

Online Mobile Swipe (OMS) allows schools to accept for credit cards face to face via a mobile device anytime, anywhere

Features and Functionality

Accept credit cards via mobile devices anywhere for school activities such as:

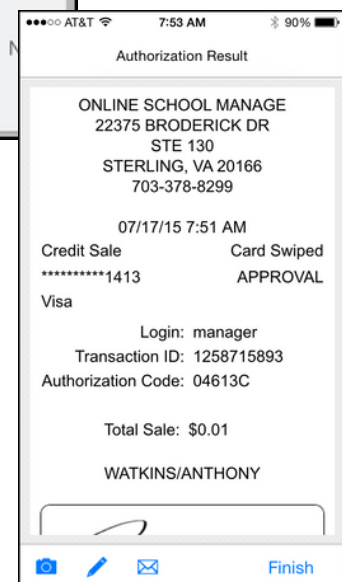

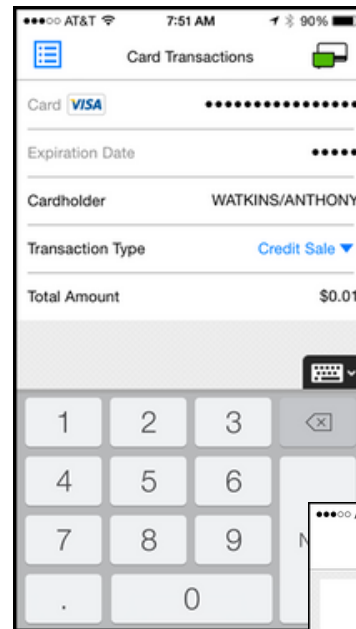

- Athletic Events, like Football
- Dances and Student Events
- Back To School Nights
- Fundraisers
- Concessions

Online Mobile Swipe allows schools to handle face to face transactions. Ideal for when parents and students need to purchase items in person and in a hurry.

Required items include a credit card swipe device, a tablet or smart phone, and a free app available from Google Play or the iTunes store.

Simply swipe a credit card, select the amount to charge, and complete the transaction. You can even email, text, and print out the receipts using a blue tooth printer.
