

The Online School Care (OSC) system is a fully integrated web application for before and after school childcare management. OSC allows school districts to manage extended day, summer, and student enrichment programs throughout the district at multiple sites with central program oversight from enrolment to billing.

FEATURES and FUNCTIONALITY

OSC has simple, user-friendly student based management features to manage parent and guardian information as well as tracking student balances, fees, and payments. Childcare coordinators can manage groups, rosters, and tracks of students with enrollment, attendance, and sign in/out, as well as post fees to student accounts and collect payments from parents using a web browser from any location.

The screenshot shows the 'Student Information' form in the OSC system. It includes fields for Student ID (TEST0002), First Name (Trevor), Last Name (Bohn), Email (support@osmsinc.com), Current School (ACES Test 2), Current Grade Level (-Select Grade Level-), Current GPA, Status (Active), Sex (Male), Ethnicity (White or Caucasian), Agency, Assign Student to a Group(s), Available Groups (Agency - Fee Group, Co-Pay - Fee Group, Sample - Fee Group, Zero Pay - Fee Group), Assigned Groups (Full Pay - Fee Group, All Students - Roster Group), Comments (Trevor's big Brother is Lucas), Home Address (22026 Stone Hollow Drive), Address 2, City (Broadlands), State (North Carolina), and Zip (20148). There are 'Update' and 'Cancel' buttons at the bottom.

Brooks	Noah	1972615	(92.00)	0.00	(92.00)

OSC integrates with Online School Payments (OSP). This allows for parents the flexibility to pay in-person or online for School Care at the same site many districts are already using to accept payments for school activity funds, eliminating multiple logins and student accounts.
